*Training day = 6 hours for ILT's after deducting lunch and breaks

Who is this Training For?

Candidates for this course may be the System Center Configuration Manager Administrator, Active Directory Administrator, Exchange Administrator, Windows Server Administrator, or Enterprise Desktop Administrator for their organizations.

Course Description:

Group Policy Object Administrator is a complex solution positioned to assist in automating the management of Group Policies in Active Directory. The GPO Admin Instructor Led Training offering is designed for you to learn the administrative and deployment requirements to assure proper installation and configuration of the GPO Administrator solution. If you are taking this course to help your organization successfully migrate, or if you're consultant going for a refresher course, or becoming certified, this course will lead you down the path to success as your new knowledge will assist your company with overcoming business disruptions, tight timelines, project complexity, and limited budgets and resources.

Learning Objectives

Upon completion of this training, the student will be able to:

- Install the GPO Admin toolset in their environment
- Work with the Version Control system
- Delegate Roles to users of the GPO Admin client
- Lock down GPO's for protection and security

- Cloak GPO's so they are not even visible without the appropriate permissions
- Revert GPOs to a previous version

Prerequisites and Knowledge Base

- This course is designed for candidates that have:
 - System Center Configuration Manager 2012
 - Windows Server
 - Security
 - Networking experience in an enterprise environment
 - Basic Microsoft SQL Server
 - Windows PowerShell knowledge
 - Mobile device management
 - Application configuration experience

Course Schedule

Course Structure

This course will be delivered online through WebEx and VMWare.

Participation Requirements

- Desktop computer/laptop
 - Mac – OS 10.7 or newer
 - PC – Windows 7 or newer

- Internet Connection
 - Broadband/high speed internet (1.5 mbps minimum/3mbps preferred)
 - A Supported Web browser (Internet Explorer, Firefox, or Safari)

- Access to WebEx

Course Policies

A key to success is for all students to participate in all online labs prior to taking any of the tests/quizzes. This participation is tracked via a course moderator and will be recorded for reference.

Support

All tests for this course will be submitted electronically via WebEx or email (unless otherwise instructed.) Assignments must be submitted by the given deadline. Students must request permission for a modified deadline from the instructor *prior to the deadline*.

If a student is having technical issues with the course, they can reach out directly to the instructor for assistance. If a student taking a Student-Led Training (SLT), is having technical issues, they can always reach out to our SLT on-call help desk.

Commitment to Integrity

Students of this course are expected to maintain high degrees of professionalism, a commitment to active learning, and actively participate in this course.
