*Training day = 6 hours for ILT's after deducting lunch and breaks

Who is this Training For?

The MAMEX class is aimed at training and certifying Senior System Administrators, who are currently partners of Quest Software, and have active accounts within the Quest Partner Portal.

Course Description:

Metalogix Archive Manager for Exchange will train you to assist your organization consolidates the disparate Exchange and Storage infrastructure to provide centralized lifecycle management. This course will help your Exchange Admins install, configure, and run Metalogix Archive Manager for Exchange, to assist with an acquisition or divestiture of a company, or just archiving email all together. This course also covers archiving email from Office 365, so whether you have an AD connected O365, Hybrid, or both, we will cover all options. Whether you are taking this course to help your organization successfully archive email, or you're a consultant going for a refresher, or becoming certified, this course will lead you down your path to success.
