\*Training day = 6 hours for ILT's after deducting lunch and breaks

---

## Who is this Training For?

Candidates for this course may be the System Center Configuration Manager Administrator, Active Directory Administrator, Exchange Administrator, Windows Server Administrator, or Enterprise Desktop Administrator for their organizations.

---

## Course Description:

ActiveRoles simplifies and secures Active Directory management by supporting enforced role-based security, automated group management, and user account creation/deprovisioning. Through ActiveRoles, companies achieve practical User /Group lifecycle management for their Windows enterprise. This course will provide you with training about the architecture, deployment, and configuration of ActiveRoles. If you are taking this course to help your organization successfully migrate, or if you're consultant going for a refresher course, or becoming certified, this course will lead you down the path to success as your new knowledge will assist your company with overcoming business disruptions, tight timelines, project complexity, and limited budgets and resources.

## Learning Objectives

Upon completion of this training, the student will be able to:

- Overview of ARS and the role it has in AD Administration
- Planning your ARS configuration (Architecture)
- Prepare Environment (Prerequisites)
- Install and Base configuration
- Customization & Usage
  - Phase 1 (MMC Overview)
  - Phase 2 (Roles and Access Templates)
  - Phase 3 (Policies – AD Integrity)
  - Phase 4 (Putting it all together – Interfaces and Customization)

## Prerequisites and Knowledge Base

- This course is designed for candidates that have:
  - System Center Configuration Manager 2012
  - Windows Server
  - Security
  - Networking experience in an enterprise environment
  - Basic Microsoft SQL Server
  - Windows PowerShell knowledge
  - Mobile device management
  - Application configuration experience

## Course Schedule

### Day 1

*Installation*

*Configuration*

## Course Structure

This course will be delivered entirely online via WebEx. You will use your invitation sent to you via email account to login to the course from your personal computer.

## Participation Requirements

- Desktop computer/laptop
  - Mac – OS 10.7 or newer
  - PC – Windows 10 or newer

- Internet Connection
  - Broadband/high speed internet (1.5 mbps minimum/3mbps preferred)
  - A Supported Web browser (Internet Explorer, Firefox, or Safari)
- Access to WebEx

## **Course Policies**

A key to success is for all students to participate in all online labs prior to taking any of the tests/quizzes. This participation is tracked via a course moderator and will be recorded for reference.

## **Support**

All tests for this course will be submitted electronically via WebEx or email (unless otherwise instructed.) Assignments must be submitted by the given deadline. Students must request permission for a modified deadline from the instructor *prior to the deadline*.

If a student is having technical issues with the course, they can reach out directly to the instructor for assistance. If a student taking a Student-Led Training (SLT), is having technical issues, they can always reach out to our SLT on-call help desk.

## **Commitment to Integrity**

Students of this course are expected to maintain high degrees of professionalism, a commitment to active learning, and actively participate in this course.
